New Website Look and Feel

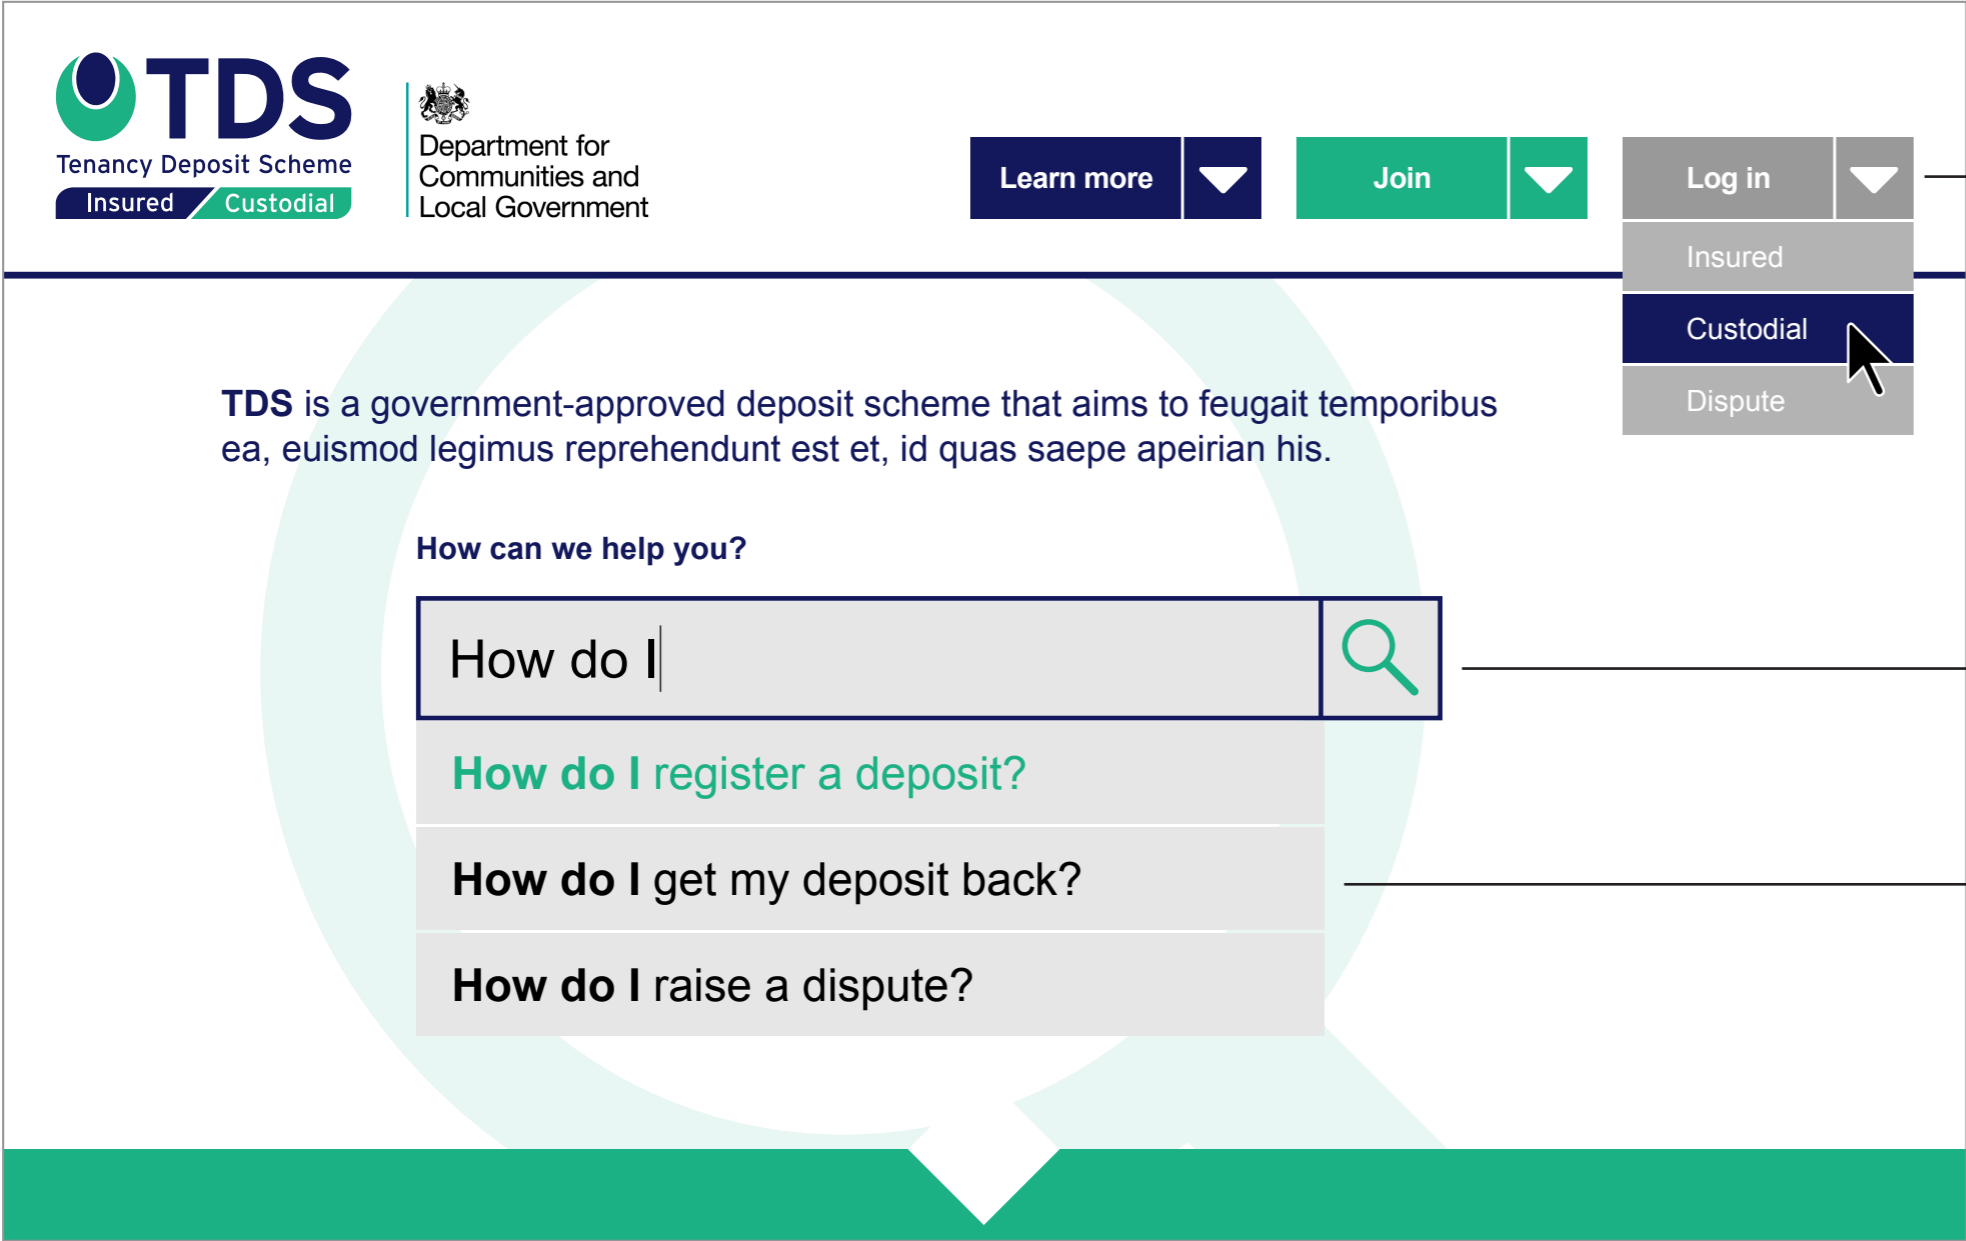

TDS New Website

This demonstrates the first page the viewer will see upon visiting the TDS website.

The drop-down menu is shown in action, as is how the search box will react when a query is typed in.

TDS New Website

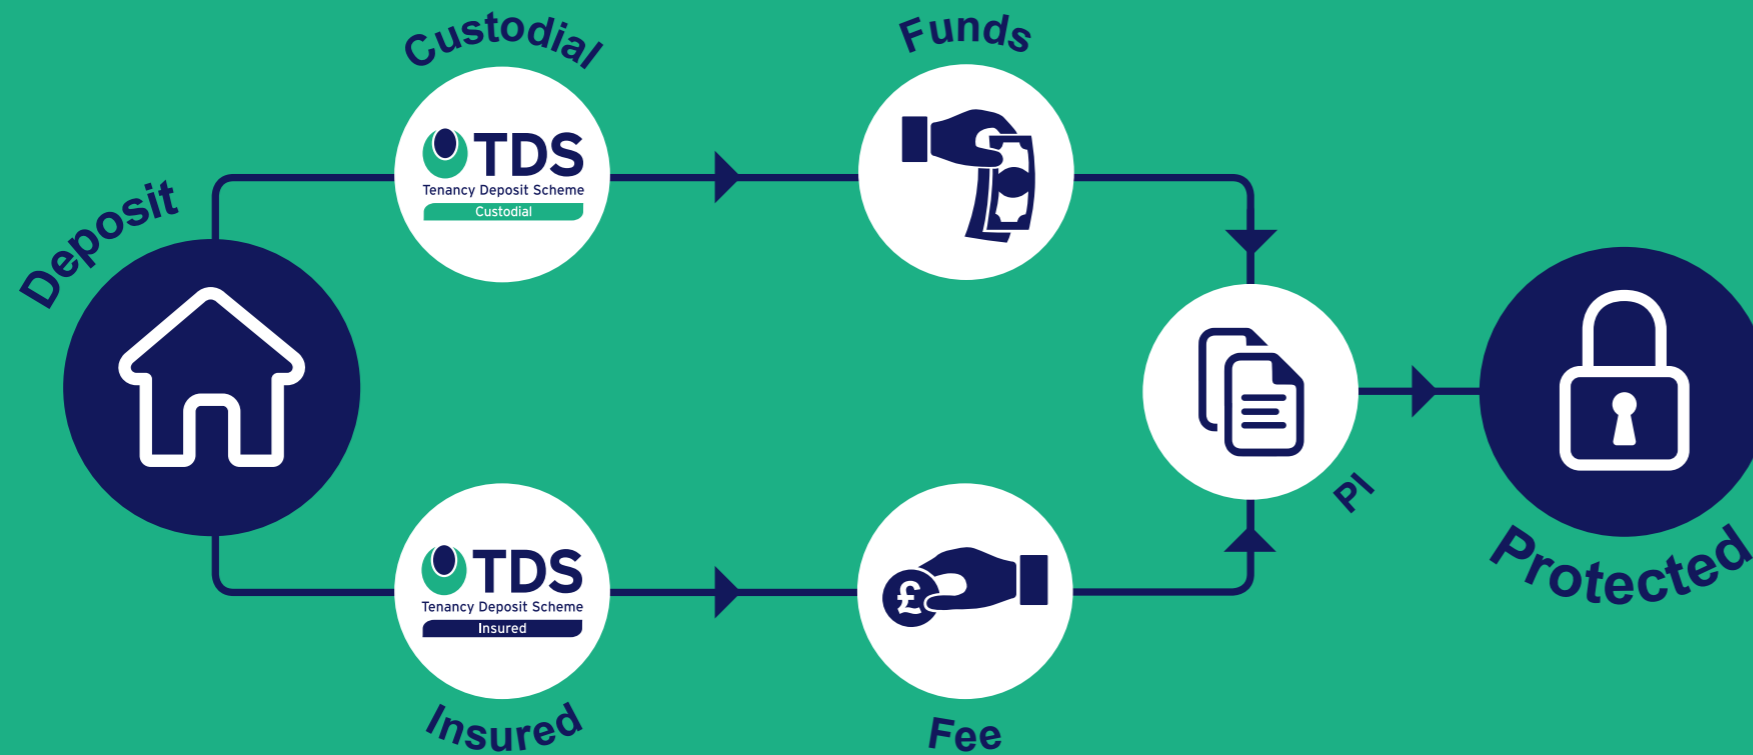

Simple click **drop-down menus** will help to not only keep the homepage more organised, but also guide the viewer to the right section of the website.

The **search box** takes center stage on the homepage, allowing the viewer to type in their query rather than go looking for the answer.

Upon typing a query, the search box will try to aid the viewer by coming up with the **most similar previously asked questions**. These can be dictated by TDS or simply show the most frequently asked questions.

How it works

Scrolling down from the top of the homepage will take the viewer to the **'How it works' diagram**. This will be implemented with a short paragraph and some more descriptions.

Partners

The **'Partners'** section follows, showing the viewer who TDS is in partnership with. A watermark check icon has been added into the background as this has been previously used when mentioning that TDS is government approved.

Testimonials

“ Lorem ipsum dolor sit amet, ea eos augue petentium. Tollit verterem usu ea, sed ne altera definitionem, at vel graeci volumus epicurei. ”

– Name Surname, Landlord

The **Testimonials** section will use a carousel which will automatically scroll horizontally to show the viewer reviews from other customers. This could also be used to advertise upcoming TDS Academy courses, and news/blog updates.
